Conference Information Sheet

CONFERENCE HIGHLIGHTS

"Walking the Tightrope: High-Risk Factors for Individuals with ABI" is designed to provide professionals working in brain injury rehabilitation with a concise, comprehensive, one-day overview of the key issues involved in treatment and support. Topics to be addressed will include:

- **Diagnosis & Management of Mental Health Problems in Adults with ABI**
  Presented by Dr. Marc Woodbury-Smith, renowned psychiatrist, researcher and university professor.

- **The Complications of Dementia**
  Presented by Dr. Mary Peat, university professor and one of the region’s most respected geriatric practitioners.

- **The Challenge of Addictions**
  Presented by Tammy Francoeur, Director of Peer Support, Turning Point Drug and Alcohol Rehabilitation Centre.

- **Seizure Disorders**
  Presented by Dr. Luis Morillo, internationally distinguished neurologist and university professor.

- **Managing Complex Behaviours**
  Presented by Dr. Bruce Linder, renowned psychologist, researcher, university professor and recognized expert on behaviours in individuals with ABI.
