

CONNECT

WITH CANADA'S CASE MANAGEMENT COMMUNITY

Become Our Corporate Partner!

The National Case Management Network (NCMN) of Canada

is a non-profit, membership-based, multi-disciplinary, professional organization dedicated to the support and advancement of Case Management professionals and practitioners. Membership embraces individuals and organizations engaged in the field of Case Management. Members are from diverse health and social service sectors which include clinical practice, education, research, quality improvement, and administration.

Making Connections

Case Managers practice in a variety of settings and play a critical part in providing information and making recommendations on products and services available to clients and members of the entire health care team. As the only Canadian Network for Case Management practitioners, one of our goals is to connect Case Management professionals with the tools and resources available as they facilitate care and services for their clients and patients.
